

EDITORIAL COMMENT

Call 449 if you fail to get the Kentucky promptly. And if you have a news item, phone it to the same number.

The Tag Day yesterday by the Red Cross committee of the colored people brought in about \$200.

Hopkinsville alone raised the \$13,000 for the Red Cross asked of the whole county. Wait until the county is heard from to-morrow night.

The transport Moldavia, lost in the Channel yesterday, had on board 488 American soldiers. Fifty-three were trapped in the lower deck and drowned. One of them was Harney H. Williams, of Dixon, Ky. The soldiers lost belonged to Co. B, of the 58th Infantry.

SPLENDID SALE WITHOUT MULE

HELD IN FRONT OF COURT HOUSE YESTERDAY AND SUM TOTALS \$465.75—15 BELL PONY RESOLD.

Credit should go to whom credit is due. And Dr. Isbell is due the credit for the successful Red Cross sale held yesterday morning in front of the court house. The sale consisted of several items and all sold well, totaling \$465.75, but it was Dr. G. P. Isbell who donated the beautiful pony which was first sold to a pool of \$210 and given back and resold to Lee Crawford for \$86. Dr. Isbell gave the pony which sold for \$86, gave \$10 on the pool, and then bought a ham for \$10 and gave it back to be resold. This totals \$106 donated by Dr. Isbell in one day. Others might take a lesson.

Some days ago Mrs. Culen donated a mule to be sold in front of the court house but when the sale had to be postponed the animal was carried to the cattle sale Tuesday and auctioned off for \$25. This started people to giving and many articles were donated and sold yesterday as itemized below.

Cake given by Mrs. Jim Morris, sold to H. A. Robinson for \$2.50.

Cake given by Mrs. Charles Vaughn, sold to James Breathitt for \$2.50.

Wall paper for room, given by Lee Catlett, sold to — for \$7.25.

Wall paper for room, given by Lee Catlett, sold to James Breathitt for \$6.

Wall paper for room, given by Lee Catlett, sold to — for \$7.25.

Gallon strawberries, given by children of Archie Higgins, sold to Sam Frankel for \$2.

Pair rabbits given by Garnett Underwood, sold to James Breathitt for \$8.

Ham, sold to Mrs. E. P. Barnes for \$8.00.

Was given back and sold to C. F. Shelton for \$8.

Pair chickens given by Lewis Waller, sold to James Breathitt for \$5.

Pony given by Dr. Isbell together with buggy and harness the last donated by Mrs. W. J. Chiles, sold to a Red Cross pool for \$210. It was then again sold for \$86.00 for the pony to Lee Crawford, who also paid \$11 for the harness.

Ham, sold to Sam Frankel for \$2.

Ham, sold to Dr. Isbell for \$10, and was given back and sold to Bailey Waller and Sam Frankel jointly for \$9.50.

Ham sold to Mrs. E. P. Barnes for \$8.

Picture, given by Mrs. Gordon Nelson, was bought back by her at \$10.

Ham, sold to a pool, \$30.

The last mentioned item was sold to a pool contributed to by James Breathitt, A. S. Tribble, Sam Frankel, and L. H. Davis, \$5 each and J. A. McKenzia \$10. This ham will be boiled and given to the 106 selectives who will leave at 6:45 tomorrow morning for Camp Taylor.

Col. A. S. Tribble did fine work auctioneering this sale and is largely responsible for the generous bidding on the articles sold.

REPORT UNTRUE.

Reports that Scott Woolley, a MeCracken county soldier with the American Expeditionary Forces, had been killed in action in France, were declared false by Woolley's sister, Mrs. Jan Wilson, of Bulah, Ky., who said there was no truth in the reports.

MUD BATH FOR THE HUNS

107 SELECTIVES WILL DEPART FOR CAMP EARLY TOMORROW

A Third of Them Volunteers Who Were "Rarin" To Go.

HUSKY & ANXIOUS BUNCH

A public meeting in honor of the 107 soldiers boys who will leave tomorrow morning at 6:45 will be held at the Tabernacle at 4:30 this afternoon. The meeting will be presided over by Chairman C. R. Clark, of the Exemption Board. The program will be brief as follows:

Invocation Rev. Geo. C. Abbott. Music—High School Orchestra. Patriotic Songs by Boy Scouts led by Douglas Williamson. Miss Margaret Clark, accompanist.

Union and Confederate Veterans represented by school boys uniform under direction of Miss Lottie McDaniel.

Four minutes talks by Capt. McJ. Davis, John Stites, T. G. Underwood, Chas. M. Meacham, Dr. J. H. Rice and G. C. Koffman.

Tomorrow morning at 6 o'clock Christian county will send its largest body of selectives to Camp Taylor who have yet been sent. The call is for 105 but 106 will go and Paul E. Twyman, now in Washington, is included, making 107. Of the 106 notified only two failed to report. These two have failed to report before and were listed as deserters with rewards of \$50 each offered for them. Nobody knows where they are. They may be dead or in the service and perhaps have never received their notices. Four or five of the men answered through their physicians, being sick. One has small pox, another measles and one appeared in person with mumps.

Before taking up the question of excuses, Chairman Clark of the board called the 61 men who were last in the list and asked how many of them wanted to go. Thirty-four volunteered to take the places of those who preferred not to go this time, and opened the way to excuse the same number of farmers.

A roll call brought out the fact that 85 of the young men were actually engaged in farming and 55 announced ready to go. The others were passed for the present.

Nearly all of the young men are from the country. Of the well-known town boys Paul Twyman, Buck Boxley, Eli Mitchell, the Swain brothers, Will and Kenneth, and others are in the list. The Adams brothers of Crofton were not called but volunteered, to go. One of them was the last man reached and was uneasy to the last for the fear he would be left.

There are two Jews in the list—Ben Gordon and Abe Sable. Gordon was a prosperous young merchant at Crofton, a Russian who had taken out first papers only. He waived any legal disqualifications saying he would rather die in an American uniform than live a citizen of any other country. He sold his stock at a sacrifice and announced ready and willing to go.

The young men were dismissed at noon and returned to their homes excepting a few from a distance who were provided with entertainment until tonight when all must report and be ready to entrain on an early train in the morning.

WHOLE PARTY OF TOURIST'S

ARE KILLED IN A COLLISION WITH TRAIN NEAR SHELBYVILLE.

Shelbyville, Ky., May 25.—A. A. Isham, owner of the Park House at St. Petersburg, Fla.; his wife, and Mrs. Belle Downing, also of St. Petersburg, Fla., were killed and Miss Isabella Ballantyne, of Leontonia, O., and Miss Katharine Veach, of Chautauque, N. Y., were so seriously injured that they died two hours later, when their automobile was struck by a westbound Louisville & Interurban freight car at Bonita Station, where the electric line crosses the State pike, a quarter of a mile west of Simpsonville, at noon Friday.

The baggage car struck the automobile about the middle and crushed it against a telephone pole. The machine was torn in two, and the front part, in which Mr. and Mrs. Isham were riding, was carried fifty yards up the track before it was crushed by the trucks of the heavy car.

The body of Mr. Isham was buried beneath the wreckage of his engine and was terribly mangled. It was necessary to "jack up" the car before it could be recovered. The body of Mrs. Isham was also in the tangled mass of twisted and broken fragments of the car, but it was not so badly figured.

Miss Veach died at 2:20 and Miss Ballantyne ten minutes later.

After reaching the hospital the latter regained consciousness and asked that H. J. Thracker, of Chardon, O., be notified. Mr. Thracker, in a telegram, advised the hospital authorities that he would come to Shelbyville to take charge of the body.

The crossing where the accident occurred is an exceedingly dangerous one from the fact that the L. & I. and the L. & N. tracks cross the pike at this point within a few feet of each other. The approach is through a cut so deep that a train from the east cannot be seen by persons traveling the pike from the west, as was the case yesterday.

No longer ago than last February a Louisville chauffeur was killed and two Anderson county men were seriously injured there by a Chesapeake & Ohio train, and numerous other accidents have occurred.

The only eye-witness to the tragedy was Hiram E. Jones, farmer who resides in the neighborhood. He saw the approach of both the car and the automobile and realized the imminent danger, which he did his best to avert by shouting and waving frantically to the party. They either did not hear him or failed to comprehend his signals, and drove on to their death without the slightest intimation of their peril.

BETHEL GIRLS GIVE PLAYS

AUSPICIOUS OPENING OF THE COMMENCEMENT WEEK'S EXERCISES.

The senior class plays at Bethel College Friday night were a happy opening for commencement week and big crowd enjoyed the occasion.

The first play was "Tickets Please" with the following cast:

..... Ruby Sexton Charlotte..... Grace Richards Maude..... Julie Tandy Linda..... Emmette Baker

A happy comedy was "A Lesson in Elegance" with the following cast: Mrs. Page, a woman of the world..... Lucile Petrie Constance Dorne, an unsophisticated young widow..... Maude Oakes

SCENE—The reception room of Mrs. Willing's villa at Newport.

As a hitting climax to a most enjoyable evening was scene second of the first act of Sheridan's classic comedy, "THE RIVALS," delightfully played, the performers being as follows:

Sir Anthony Absolute John Thompson Mrs. Malaprop..... Pauline Petrie Lydia Laneuish..... Julia Tandy Lucy..... Maude Oakes

SCENE—A room in Mrs. Malaprop's lodgings.

The annual sermon will be preached by Dr. C. M. Thompson tomorrow morning at the First Baptist church. The annual class day exercises were held yesterday.

NOT YET CONQUERED.

David Lloyd George, speaking at Edinburgh, has said that the submarine is still upon guard, but that it is no longer a vital menace to the Entente Allies. He said that the U-boats are being destroyed faster than they can be built by Germany, while the Allies are building ships faster than the submarines are sinking them.

PURELY PERSONAL

Friends of Mr. Frank Chilton will be glad to learn that he is improving from a very serious illness and dangerous condition.

Dr. W. S. Petrie, operated on Thursday at Jennie Stuart Memorial Hospital for gastric ulcer, continues to improve and his physicians are very hopeful of his recovery.

Lawson Plack in very ill of typhoid fever at the home of his mother on South Main street. He has been ill several weeks and has been in bed the past two or three weeks.

Mrs. George Kolb returned yesterday from Lexington where she was called by Mrs. Clarence Lellus to attend a State meeting of Women Managers of the Thrift Stamp campaign.

GETTING THE RANGE OF A GERMAN GOTH

It is an exceedingly technical task to determine the altitude and speed of a fast-moving enemy plane. Here members of a British antiaircraft section are getting the range of a German Gotha; in turn they will command it to quick-fire guns along the Rhine.

SUMMER RAINSTORMS PREVAIL AND FLANDERS IS A QUAGMIRE

STRAWBERRIES FALLING SHORT

QUALITY AND QUANTITY BOTH DECLINE AS SEASON NEARS END.

A report from strawberry headquarters yesterday afternoon is to the effect that the crop is falling surprisingly short this year of all expectations. The prediction now is that enroute shipments will not hold till the last of the month and maybe not longer than Tuesday. If this be true it will be only a 15 days' season when everyone expected a season of from three to four weeks. The berries seem to have ripened all at once and many were lost on account of an insufficient picking force.

Nine or ten cars have been shipped to date which is an average of about a car each day. Last year about 10 cars were shipped and, under normal conditions, 25 or 30 cars should be produced. The prospect now is for about 12 to 15 cars or about half a crop. The report also states that the berries are not as large nor of as good quality as at first and that the prices have dropped about \$1.50 per crate, selling yesterday for \$3.50 for first grade and \$3.00 per crate for seconds.

Ashton Hayes is planning to go to Bowling Green Tuesday in charge of 150 colored boys and girls who are to pick berries. Special quarters have been provided for these and they will be divided up into groups of and looked after by several of the colored women teachers from the schools here. These pickers will be based on the 100 acres of berries on the farm of Mr. Covington.

ROOSEVELT GETS IN RECORD

(By International News Service.)

Washington, May 25.—The reply of Theodore Roosevelt to the statement recently issued by Postmaster General Burleson was inserted in the record of the Senate to-day by Senator Poindexter, of Washington. The Roosevelt statement attacked President Wilson's administration, Postmaster General Burleson, George Creel and the Hearst newspapers. Senator Poindexter presented Roosevelt's statement without other comment than that it had been transmitted to him with the request that it be made a part of the record.

HUGE FLEET OF COAL BARGES

(By International News Service.) Washington, May 25.—America's problem in the transportation of oil and coal overseas and coast wise is to be solved by the immediate construction of huge fleet of barges totaling 775,000 tons. Delivery will begin in December.

TOLD OF SABOTAGE.

(By International News Service.)

Chicago, May 25.—Joe Burdell, farmer and former railroad brakeman, today told of sabotage carried out by the I. W. W. among the grain fields of Minnesota when he was called to the stand in Judge Landis court where 112 I. W. W. members are on trial. He said that farmers are afraid to protect property because of the threats of radicals.

Americans, British and French Are Raiding Fritz While He is Stuck in the Mud.

HUN SUB CRUISER SUNK

(By International News Service.)

London, May 25.—Hindenburg's most useful ally, the weather, has deserted him. Rains, driven by strong winds, are converting the Flanders battlefield once more into one vast morass. As a consequence the last twenty-four hours saw less infantry and artillery activity than has been during the past two weeks. Both the British and French scored local successes in raids, however, the former at Hammet, north of Albert and the French west of Noyon and in Wovre. Prisoners and machine guns were brought in by the raiders.

The German attempts to make inroads into the Allied lines at various sectors proved costly.

During the day German artillery warmed up somewhat in the sector of Villers Bretonneux, nine miles east of Amiens.

Tonight's bulletin from Field Marshal Haig says: "Hostile artillery is active in the Villers Bretonneux sector east of Amiens; nothing further to report."

Sink a Sub Cruiser.

London, May 25.—A British submarine has sunk a German submarine cruiser off Cape St. Vincent, Portugal, the admiralty announced tonight, the whole crew of the enemy craft perished. A second submarine cruiser escaped.

Successful Raid.

American Headquarters, France May 25.—The American official statement tonight says: "Yesterday in Picardy we executed a successful raid and inflicted a number of losses in killed and prisoners. There was nothing else of importance."

Italian Statement.

Rome, May 25.—Today's war office statement follows: "Artillery was fairly active between the Brenta and Prave rivers south of Zenson, to-day. British fliers bombed the enemy communications on the Asiago plateau. Five hostile machines were forced to land."

On The Defensive.

Berlin, May 25.—Today's war office statement, covering yesterday's operations on the west front follows: "Owing to storm and rain activity artillery moderated. It increased however intermittently to some intensity over night with attacks by the enemy at Kemmel and in Albert sectors. These attacks were broken by us with heavy losses to the enemy."

Sommes Give Surprise Party.

American Army France, May 25.—American soldiers on the French sector in Picardy penetrated the German lines, killed five Germans and captured one. The Americans suffered no casualties. They took the outpost by complete surprise.

KAISER TO LET GEORGE DO IT

(By International News Service.) Amsterdam, May 25.—The Kaiser, according to Leipziger See Zeitung, a prominent Saxon organ, has approved the selection of Prince George of Saxony as King of Prussia.

BREAK DENIED.

(By International News Service.) Havana Cuba, May 25.—It is denied that Mexico has broken relations with Cuba.

American fighting forces soon will be sent to the Italian front, Secretary of War Baker announced last night at a meeting in New York in celebration of Italian day.

The first of the 17,000 men who have been ordered to report at Camp Zachary Taylor during a five-day period began arriving yesterday. With the coming of the 17,000 select enough soldiers will be transferred from the 159th Depot Brigade to fill the 84th Division to war strength.

Wholesale mutiny is reported from Divinsk, Russia. A wireless dispatch says a German division ordered to the West refused to proceed. Fifty men were executed and a thousand were imprisoned. Other German troops in the vicinity held demonstrations in favor of the division which mutinied.

American military officers are absolutely confident of the outcome of the renewal of the German drive, in dicted by Premier Lloyd George to be imminent. Leaders at Washington believe that there is no doubt that the enemy will be repelled with losses and the offensive power of Germany broken.

The Government of Costa Rica has declared war on the Central Powers, according to advices received here. The declaration of war by Costa Rica on the Central Powers brings the total number of nations aligned against Germany up to a total of twenty-one. All of the Central American States now have clearly defined attitude toward the war. Panama, Nicaragua and Guatemala have belligerent relations with Germany, while San Salvador has remained neutral, explaining that this country is friendly to the United States and the republics to the South and Mexico alone is unfriendly.

A WARNING.

Daily Kentuckian:

The fire in the rear of Col. Bassett's store Friday night recalls the fact that the most destructive fire we have had in twenty-five years started in the rear of a business house on Main street, where there was a congestion of pine boxes, waste paper and combustibles galore.

If our hellions know too well the ease with which fires can be started in these quarters, hence our merchants cannot be over careful about watching this menace.

AN INSURANCE MAN.

JUNE AMERICAN MAGAZINE.

The June American Magazine is filled with news and entertainment of many descriptions. Arthur Brisbane, the famous newspaper, has written an article called "What Interests People." A fine picture of Mr. Brisbane is also printed. Lieut. Pat O'Brien, a daring American aviator who fell 8,000 feet from an aeroplane, was captured by the Germans, and then escaped by crawling through Germany for seventy-two days, tells his story. There is also an article about John Browning, the inventor of the Browning gun, telling many now and interesting facts about the man. Marcus Loew tells the story of his life and how he built more than two hundred theatres throughout the country. Emerson Hough, the famous novelist, has written a fine article about dead-lines at forty. There is also an article by Bruce Barton about his home town.

Hall's new serial, and stories by H. C. Witwer, Mary H. Muiett, William Dudley Pelley and other well known writers; Family Family Money, contests, results and the Sid Says, are all interesting as usual.

Another Patriotic Challenge

THE THIRD LIBERTY LOAN COMMITTEE for 26 County Precincts has been resolved into PERMANENT WAR WORK COMMITTEE and the same members will co-ordinate with the Ladies' Auxilliary Red Cross Committee, and we, the Chairman and members, hereby pledge "to go over the top" with raising one-half of the \$25,000.00.

County Campaign to be Made Saturday and Monday, 25-27.

CHALLENGE

That in raising the first Red Cross fund neither the city nor county made any response. Now, therefore, in order that the city and county may not be classed as slackers, we propose that the 26 precincts will raise \$13,000.00 if the city of Hopkinsville will raise \$13,000.00.

The amount that each precinct is supposed to give is 5 per cent. of the amount of Bonds sold by that precinct in last drive.

PROHIBITION PROVISIO.

Prohibition advocates were victorious in the passage in the House of the Administration Food Bill, authorizing the Department of Agriculture to spend \$10,864,400 to increase food production with a provision stipulating that the principal appropriation, \$6,001,000, for the expenses of county agents, should not be available unless the President issued a proclamation forbidding the use of tools for the manufacture of liquor.

Mark Twain's Democracy.

When Mark Twain published his "A Connecticut Yankee at King Arthur's Court," he made a laughing stock of evil institutions, and of the devoted mortals who upheld them. He put himself on record in a way that really did not need the events of today to vindicate.

"There is plenty good enough material for a republic," he said. "In the most degraded people that ever existed—even in the Russians—plenty of manhood in them—even in the Germans. If one could but force it out of its timid and suspicious privacy, to overthrow and trample in the mud any throne that was ever set up and any nobility that ever supported it."

INDIAN KNEW OF NO WAR

Lucky Escape for Two Germans Who Visited Home of Redskins in Oklahoma.

Salem, O.—It was well for two Germans who visited the home of an Indian in Oklahoma that the Redskins did not know that the United States was at war with Germany. Dr. Walter F. Rittman has just returned from an inspection of oil properties near Tulsa and happened into an isolated Indian home.

"The Indian could speak English," Doctor Rittman said, "and the conversation turned to the war, of which our host had not heard. He seemed interested, and after meditation remarked:

"Too bad I didn't know it yesterday. Two Germans in my house then. Could have killed 'em just as good as not."

MAJOR FRANK S. POVAH

Major Frank S. Povah was born in England and is a graduate of Cambridge University. When war broke out in South Africa, he at once went there as a lieutenant in the 18th Hussars. He was later attached to Lord Kitchener's staff and was in several notable engagements. At the termination of the war, he retired with the rank of major. In July, 1914, he came to Canada under engagement for special medical experiments. He enlisted in the Canadian Expeditionary Force, 78th Battalion, in July, 1914, and was given the rank of major. He was through many engagements at the front and on the death of his colonel assumed command. At the Somme engagement he was wounded and was invalided to Canada last October. Since that time he has held important positions under the Government. Major Povah has enjoyed unequalled facilities of acquaintance with many of the outstanding celebrities in civil, professional and military life in England, Canada and Europe.

MINOTTO IS INTERNED.

Federal Judge Carpenter at Chicago denied the plea of Count James Minotto for freedom on a writ of habeas corpus from internment on a presidential warrant. ON GUARD.

Women of America, even as the women of France, are guarding the field day and night; your country calls you to stand guard over the world's commissary. That commissary is the food supply of America. There is enough in it if you will guard it.

Your task in this war is to guard food for the soldiers and home workers of our Allies. They are fighting for you.

By using less wheat flour in your homes and by using more corn meal by wasting not crumb nor crust of wheat bread, you can release shiploads of wheat for these fighters and workers.

By eating less beef, mutton, pork, and by eating more fresh and preserved or dried vegetables and fish, our supply of meat will do for us

and our Allies. Likewise you are needed to stand guard and see that there is no waste. Many of the leading hotels have pledged themselves to do without wheat until the pressure is eased. Many households are pledging themselves to some measure of devotion to the national cause.

Will not the women of Christian county pledge themselves to one of the following programs:

"No Wheat" Program.

Use no breakfast cereal containing wheat. Use no flour to bind corn meal or other cereal in muffins and quick breads. Use barley flour, corn flour, or corn starch for thickening soups and gravies. Use no bread containing wheat flour.

"Less Wheat" Program.

Use no breakfast cereal contain-

INVENTS A NEW PRINCIPAL TO GIVE SERVICE

Provost Marshal Wants Them to Gather Data for the War Department.

NEED SKILLED MEN FOR ARMY

Information Required is to Be Taken From Questionnaires of Drafted Men—Artisans to Be Picked From All Sections.

Washington. — The government through the provost marshal's office is undertaking to organize a volunteer army of school teachers throughout the entire land, so as to secure an efficient industrial army to stand behind the men with guns in their hands and enable the United States to fight the great war to a successful conclusion. It is a very big undertaking and like many of the efforts put forth by the government at this time much depends upon the voluntary assistance of loyal and patriotic people. The matter has been taken up with President Wilson and he has expressed the opinion that the school teachers of America, those who are now engaged in teaching the children of the country patriotism, will come to the aid of the government.

In order to enforce the selective draft system the country was organized with 6,000 local boards to pass upon the returns which the selected men made. In the office of each local board, comprising the district which the board controls, are the answers to the questionnaires of something like a total of 10,000,000 men. About 1,500,000 have already been selected for the fighting forces of the National army, but there remain in various classes men who could be extremely useful to the government on account of the knowledge and skill which they have attained in their daily occupations. It is necessary for the provost marshal's office at Washington to obtain information as to the qualification, experience and adaptability of these men to the work which is necessary in connection with the war.

Parishing Needs Skilled Men.
For instance, not long ago General Pershing wanted 1,000 bricklayers. He wanted them not as civilians, but as soldiers. He needed them for particular work which was to be done for the support of the army in France. Then again there was a call for 6,000 spruce lumbermen; that is, men who had a knowledge of the lumbering and logging business, who could go into the woods and get the spruce lumber necessary to make airplanes. Then there is a call for motor mechanics, and for men skilled in many other lines of industry who as soldiers will perform as great a service in supporting the army at the front as will those men who are working industriously for the government all along the line in order to make the fighting forces effective.

Now the provost marshal's office is in need of the information that is on file in the offices of the various local boards, and the only way this information can be obtained is through the voluntary assistance of some particular class of people. It has been decided that the school teachers of the country by giving a little of their time each day to the work can obtain from the local boards the information which the provost marshal must have in order to secure the classification of the men so as to make up the various lists that are necessary to make the army the great machine which it is designed to be.

Get Facts From Questionnaire.
In order to get this information millions of cards have been printed and sent to the various local boards, upon which is to be copied from the questionnaires on file with the boards the necessary information respecting each individual selected man that the provost marshal's office desires. Upon this card the man will be classified according to the findings of the local board, but the important feature will be his classification as to occupation and skill in any particular profession, trade or industry; his familiarity with tools and instruments, or other kinds of work. It will make no difference what his occupation may be, the information concerning the man will be put upon the card and these cards sent to the provost marshal in Washington.

It is proposed to classify at least 8,000,000 men who will be available for service in the United States as soldiers. They will be put in uniform and subject to the same discipline as the other selected men. Instead of being trained with guns and for fighting, they will be trained for particular duty that is needed.

It is the intention of the provost marshal's office to make the selection of men for these industries so as to cause the least possible disturbance among workmen, or in the industries of the country. The selections will be made from all sections of the country and in such a manner as to cause the least trouble.

The greatest difficulty which the provost marshal's office has experienced in connection with this work is that of obtaining the information on file with the various local boards. The government believes, however, that the solution of the difficulty will be found in the voluntary assistance of the school teachers throughout the country.

FOLLOWING THE FLAG.

George Champlin, 17 year old son of Judge Champlin has been to Louisville and Evansville trying to enlist in the navy.

He was turned down at both places on account of not being 18 years old, the required age.

At last after several attempts, Brockman Mason has been accepted in the navy; he enlisted in Nashville Friday. He will remain here until he receives his orders to report for training.

Livingston Leavall arrived last night from Detroit to visit his parents before leaving for the training camp where he will train for field artillery service.

William Howell, formerly in the employ of the J. H. Anderson & Co., here, left Thursday for Ft. Thomas as a selective from Jefferson county. He visited here last week.

Mr. R. B. Knollenberg, manager of the Kress Store, has three brothers and two brothers-in-law in the service. His twin brothers, L. P. and A. J. are in the signal corps of the aviation branch at San Diego, Cal. The third brother, K. A., is a sergeant in the quartermaster's department. One of his brothers-in-law is a sergeant in the Army and the other is in the Navy, serving on a transport.

THOS. D. GRAY

WILL BE BURIED WITH MASONIC HONORS TO-DAY.

Thos. D. Gray died yesterday morning at his home at 203 Twyman St. He was 68 years of age and his death was due to a stroke of paralysis sustained a month ago, followed by pneumonia.

Funeral services will be held this morning at 9:30 o'clock, at the home, by Rev. Paul S. Powell.

The body will be taken to the Gray burying ground near Fairview for interment by the Masons.

Written Before Christ.
All the books of the Old Testament were written long before the birth of Christ, some of them as much as 1,400 years before, others from 500 to 1,000 years before, and none less than 300 to 400 years before. The Gospels and other books of the New Testament were written from 65 to 70 or 75 years after the birth of Christ.

PRINCESS MONDAY

ANNA Q. NILSSON DARES DANGER IN "OVER THERE."

Anna Q. Nilsson, who is featured with Charles Richman in the stirring patriotic picture, "Over There," is one of the most popular recent recruits to floundom. Last seen with George M. Cohan in "Seven Keys to Baldpate," it is a coincidence that she should lead in a photodrama named after his most famous song.

Miss Nilsson gave one army officer an excitingly realistic foretaste of service "over there." In the scene where she is riding with him on the front seat of a Red Cross ambulance along a road which the Germans are "trafficking" with heavy gun fire, men were detailed to fling smoke bombs NEAR the fleeting ambulance—notice the emphasis. In their zeal however, they hurled several bombs directly underneath the car. Only the speed of the ambulance prevented a serious accident: for if one of the bombs had exploded a couple of inches nearer to the gasoline tank, Miss Nilsson and the officer would have sailed skyward.

ONWARD.

Song—Arranged by Mrs. Lillian Gillock, dedicated to Christian county selectives.

ONWARD!

1 Onward christian county boys,
Onward to the war,
With the Red Cross nurses,
Going as before.
Christ the Royal Master,
Leads against the foe.
Onward into battle
See his banners go.

CHORUS

Onward, Christian troopers,
Marching to the war,
With the Red Cross nurses,
Going as before.
2 At the sign of triumph,
Germans soldiers flee,
On then, Christian county,
Certain victory.
Hell's foundations quiver,
At the shout of praise,
Soldiers, lift your heads and
High your banners raise.
3 Like a mighty army.
Move our Christian squad.
Soldiers, you are treading,
Where your brothers trod.
We are not divided,
All one body we,
One in love and fellowship,
One for liberty.
4 Onward then, ye soldiers,
Join our army there;
Blend with their voices,
In victorious air.
Glory, land, and honor.
Unto Christ, the King.
By his help we'll win this war,
Then we'll always sing.

Go to Sleep.

"That lets me out," said the prisoner as the governor signed his pardon.
